The entire concept of a cruise ship has been redesigned (by design stars Nate Berkus and Kelly Hoppen among others) with cabins and balcony spaces that transform from outside to inside and with new experiences like Eden, meant to awaken all of our senses! Among the most notable features is the Magic Carpet Deck, that can move up and down the side of the ship with its function changing depending on its location whether used for tendering or al fresco dining and more! The outdoor spaces have also been re-imagined with a new Resort Deck and Rooftop Garden where by day, guests can enjoy a variety of activities while the space doubles as an outdoor movie and dining area at night.
