

JOIN MINDWARE SEMINARS FOR A CRUISE OF THE MEDITERRANEAN & IMPLANT DENTISTRY CONFERENCE ON BOARD THE CELEBRITY EQUINOX

July 8 – 17, 2025

Cruise of the Mediterranean: Join MindWare Seminars for a cruise of the Mediterranean next Summer! Meet up in Rome, the Eternal City, visit the great monuments before boarding and then enjoy a cocktail on us! The next day it is off to Naples, with a view of Mount Vesuvius and a short drive to the ancient city of Pompeii. Visit the ruins, see the archeological museums or try an authentic slice of an original Margherita Pizza! Next, it is north to La Spezia and the area of Cinque Terre for an overnight stop to get the most of this enchanted region with its colourful houses and terraces clinging to the cliff sides, the seafood and pesto special to the Ligurian Coast or fall in love all over again on the newly reopened Via dell'Amore walking path. Next are the twin Riviieras, first the Italian city of Portofino and then the "belle" of the French Riviera, Nice. Each a playground for the rich and famous, with their sparkling beaches, landmarks and a little shopping, the hard part will be seeing it all! The next stop is Marseille, port city founded by the Greeks more than 2,500 years ago, it is also known as a gateway to Provence. Finally, disembark in Barcelona and join us for an optional extension in the capital of the Catalonia region and home to some of the most fantastical architecture anywhere, highlighted by the works of Antonio Gaudi and his contemporaries. Get to know the city, from Parc Guell to its pedestrian mall La Rambla, the Gothic Quarter, La Boqueria Market and Barceloneta Beach, there is something here for everyone!

About the ship: A unique star in the Celebrity constellation, the Celebrity Equinox has an exceptional ten dining venues, multiple bars, a theater, a comedy club and the Lawn Club just to name a few of the food and entertainment options on board. All staterooms feature complimentary robes, an interactive flat-screen TV, daily makeup and turndown service, a private safe and mini-bar, Celebrity's exclusive eXhale bedding and 24 hour room service.

Dental Conference: Earn 12 CE credits attending *"The Contemporary Implant Practice: Streamlining Patient Care for Predictable Success"* lectures. The maturation of technology, manufacturing, and materials in the implant dentistry field, provides improved treatment efficiency and both esthetic and functional predictability. Streamlining patient care to minimize surgical insult and improve restorative longevity are the leading clinical demands.

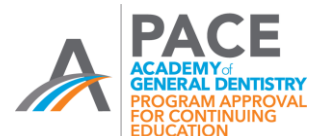

Learning Objectives: 1. Detail pre-treatment analysis and identify important treatment parameters. 2. Identify advanced and complex patients and discuss why treatment is considered difficult and why esthetic outcomes may be compromised. 3. Become familiar with the technology and steps in the fully digital workflow. 4. Discuss implant and restorative component options and choices for these patients. 5. Discuss and describe currently available clinical methods for treating a range of patients.

Speaker: Dr. Will Martin DMD, MS, FACP is a Clinical Professor in the Department of Oral and Maxillofacial Surgery at the University of Florida's College of Dentistry and currently serves as the Director of the Center for Implant Dentistry. He also maintains a part-time practice limited to Prosthodontics within the Center. Dr. Martin is a Diplomate of the American Board of Prosthodontics and a fellow of the American College of Prosthodontists, International Team for Implantology and Associate Fellow of the Academy of Prosthodontics. He has authored numerous peer-reviewed scientific articles and abstracts including co-authoring several textbooks on implant dentistry, specifically the ITI Treatment Guides Vol. 1 and 10 and the S.A.C. Classification in Implant Dentistry 1st and 2nd Editions. He lectures both nationally and internationally on esthetic and implant dentistry. Dr. Martin is the past Chairman of the Section USA of the ITI. He received his DMD from the University of Florida and completed his MS and Certificate in Prosthodontics from Baylor College of Dentistry.
