Itinerary: Breezes Beach Club, Zanzibar

About the Conference

Perio Pot Pourri!

Synopsis: Four mini-courses on periodontics each covering a different subject. These will be: Periodontal Medicine; Pharmacological Management of Periodontal Disease; Peri-implant Disease: Identification and Management; and Diagnosis and Management of Chronic Orofacial Pain.

Learning Objectives:

- Differentiate where periodontal management may or may not have a positive influence on the systemic health and oral health of their patients
- Gain ability to prescribe the appropriate medication in order to assist with the management of periodontal disease
- Understand how to identify and manage mucocitis and peri-implantitis conditions
- Understand the issues and complications surrounding the management of temporomandibular disorders and other orofacial pain conditions

Conference Pricing: Dentists: CAD\$995 + tx / Auxiliaries: CAD\$295 + tx

(AGD approval does not imply acceptance by a state or provincial board of dentistry or AGD endorsement)

Value:**

Dr. Michael Goldberg

Dr. Michael Goldberg is currently an Associate Professor in the Discipline of Periodontics at the University of Toronto's Faculty of Dentistry where he is the director of the Severe and Refractory Periodontal Disease Treatment Unit and the newly-formed Implant Monitoring Clinic.

He is engaged in an overall review of the influence of systemic, genetic and environmental factors on the development and treatment of periodontal disease. In addition, he is the head of the division of Periodontology as well as an associate in the Wasser Pain Management Centre at Mount Sinai Hospital in Toronto. Dr. Goldberg is also a partner in private specialty practice, limited to periodontics and implant surgery at Cumberland Periodontics in downtown Toronto.

Dr. Goldberg received his dental degree in 1991 from the University of Toronto after completing a Masters of Science in Pharmacology at the University of Toronto. Following a one year general practice residency at Mount Sinai Hospital in Toronto, he entered the Department of Periodontics at the University of Toronto, graduating in 1994.

About the Tour

The trip is timed for participants to experience the annual "Great Migration" of millions of animals across the Masai Mara and Serengeti savannah. Enjoy game drives in the early morning and late afternoon when the animals are most active, experience the Ngorongoro Crater, a natural wonder of the world with one of the highest wildlife densities on earth and meet with the Masai people.

After enjoying Mother Nature up close, guests are invited to relax on the pristine, white sand beaches of Zanzibar (optional), a center of the spice trade with a fascinating history. For those who've never been, this is truly a unique, must-do-at-least-once-in-a-lifetime adventure!
